

The F3020 builds on the highly respected F3015 technical base adding many improvements to allow our clients to continue using the best tool available on the market. Even more effective than the F3015, the F3020 has higher cutting speeds and improved work comfort. Lighter, more compact and is easier to handle than the previous generations. Loaded with technological advances, the pruning shear can now be “connected” using an optional Bluetooth® box. This new system makes it possible to report highly relevant data in order to achieve ever more effective pruning work.

Standard Kit
1.57" Cut Capacity

Medium Kit
1.77" Cut Capacity

Maxi Kit
2.17" Cut Capacity

**Ultra-Compact
Lithium-Ion Battery!**

48V Electric Sharpener

Sharpen your blades in record time! Thanks to its 3-pad connection, the new A48V3 electric sharpener is now compatible with batteries of all Electrocoup models (F3010, F3015, F3020).
