

The 005 Series is composed of light spaders to be applied to tractors up to 35 hp. They are perfect for working the soil in vineyards, orchards, horticulture and nurseries.

They are equipped with a 3-speed gear lever and external slides for adjusting the working depth.

Standard Equipment

- CE Accident Prevention Protection
- 3 Point Hitch
- Door leveler
- External Depth Adjusting Skid
- 540 RPM PTO, DX rotation

Optional Equipment

- Rake to replace leveling door
- External frame supports for models 100, 105, 120, 130
- Cardan joint with clutch

Model	Max Width	Work Width	HP (min/max)	Working Depth	# of Spades	Weight
005-75	33"	29.5"	15/25 HP	10"	4	567 lbs
005-100	38.5"	35.5"	15/25 HP	10"	4	586 lbs
005-105	46"	41"	20/30 HP	10"	6	677 lbs
005-120	51"	47"	20/30 HP	10"	6	706 lbs
005-130	53"	50"	20/30 HP	10"	6	783 lbs
005-135	57"	52"	20/35 HP	10"	6	794 lbs

The 105 Series includes machines with medium range characteristics, and are ideal to be used for working in vineyards, orchards, horticulture etc., even in hard soil conditions.

They are equipped with a 3-speed gear lever and internal or external working depth adjustment slides.

Standard Equipment

- CE Accident Prevention Protection
- 3 Point Hitch
- Rake
- Internal + External Depth Adjusting Slides
- 540 RPM PTO, DX rotation
- External frame supports

Optional Equipment

- Rear power take-off
- Leveling door in place of the rake
- Hydraulic displacement
- Extensions to the lifter
- Cardan joint with clutches

Model	Max Width	Work Width	HP (min/max)	Working Depth	# of Spades	Weight
105-100	39"	36"	25/35 HP	10"	4	783 lbs
105-120	52"	49"	30/35 HP	10"	6	1014 lbs
105-130	53.5"	51"	30/35 HP	10"	6	1102 lbs
105-145	59.5"	55"	30/35 HP	10"	6	1146 lbs
105-170	70"	66"	35/45 HP	10"	8	1323 lbs
